Confirming Their Faith

Under the guidance of **Pastor Michael Ludwig**, five eighth-graders met regularly for several months to delve into Christianity and the Presbyterian faith. We congratulate our Confirmation Class of 2024 (pictured left to right): **Henry Potts, Laken Reynolds, Jacob Curtis, Sophie Blewett, and Brooklyn Shephard.**

Henry enjoyed spending time with his mentor **Patrick Hnizda** because "he is very smart and easy to work with. Along with discussing our faith, we easily found other topics of common interest, including technology and music. Thank you for setting aside time to work with me, Mr. Hnizda. You rock!" Laken liked hanging out with his mentor **Andy Leonard** because "he is down to earth, easy to talk to, and fun to be around. I want to thank Andy for his time and for his guidance. He helped me to learn about my faith and build on it." Jacob is grateful for being paired with his mentor **Mark Maxwell** "because he is very patient and understanding with me, and this is good because I learn by asking questions, so he helps me understand things better. I hope that even after confirmation, we still continue to be friends and talk with one another." Sophie is thankful to her mentor **Mara Stewart** because she was "really positive and helpful, and helped me understand my faith. She supported me throughout my confirmation process." Brooklyn says to her mentor **Karen Dastick**, "Thank you for guiding me through my project and being a positive role model for me."

This course culminates with a faith expression project. Henry and Sophie filled Ark of the Covenant boxes with items that showcase their spiritual growth. Laken used Legos as inspiration for his "Building Blocks of my Faith." Jacob's rubber duck model of a lacrosse game cheerfully relates to his faith. Brooklyn's "The Sound of My Faith" wind chimes represent her harmonious journey. Stop into Mayton Hall today at 12:00 noon to enjoy refreshments and visit each confirmand as they share the deeper meaning behind their unique and personal projects.
