

Power Launcher

Go Beyond with Hope!

Explore where God's power can take you! What are some ways we can go beyond with our hope in God today?

Bible Story

Jesus Comforts Friends on the Way to Emmaus - Luke 24:13-35

When the disciples arrived at Emmaus, they invited a stranger to eat dinner with them. Jesus blessed and broke the bread and when he did, the men then recognized that this was no stranger, this was Jesus. At that moment, he disappeared from their midst, yet they were so excited and full of hope from the experience that they left right away to share their story. Because of our faith, we can have hope as we walk with Jesus...at VBS and beyond.

Daily Offerings

We'll reveal the grand total collected for Make a Wish during the closing program! Thank you for sending contributions with your children every day. We are giving HOPE to the many children benefited by Make a Wish.

Science

Does your child love the daily science experiments? To Mars and Beyond was created by Cokesbury, and they have free science instructions for you online at tmab.cokesburyvbs.com/tools/resources.

Shining Stars

Clint and Garrett Shephard are father and son who are very involved with life at MPC, along with mother Jennifer and daughter Brooklyn. Garrett has attended VBS for as long as he can remember. This year he is an official volunteer, helping with the preschool three-year-olds. His favorite part of VBS is science because the experiments are cool and they always play into the daily message. He also loves drama, where Bible passages come to life. Clint is usually found running audio-visual equipment for Sunday morning services. As a parent and volunteer, Clint loves that VBS brings all ages together to share the message of faith and teachings of Jesus Christ. He's proud to be involved at MPC, a beacon of care in the community. Today you can thank him as the man who cooked your picnic hot dog!
